Subject: US Reduction and USS Lead Superfund Zone

Steve:

I have mentioned US Reduction, and its proximity to the USS Lead Superfund Zone a few times. The old US Reduction site is directly across the street to the north of the USS Lead Superfund site, Zones 1 and 2. They were a lead based business which operated roughly during the same timeframe as USS Lead. I believe there was some remediation there, near the railroad tracks to the north of the property some time ago, but I do not have details. I think they were also involved in some Mesothelioma litigation. My question has been whether US Reduction may be considered a Potentially Responsible Party in the USS Lead Superfund. I wanted to make sure you had information about the sight to see if US Reduction or its successor should be considered.

Old US Reduction Company Site: 4610 Kennedy Ave, East Chicago, IN

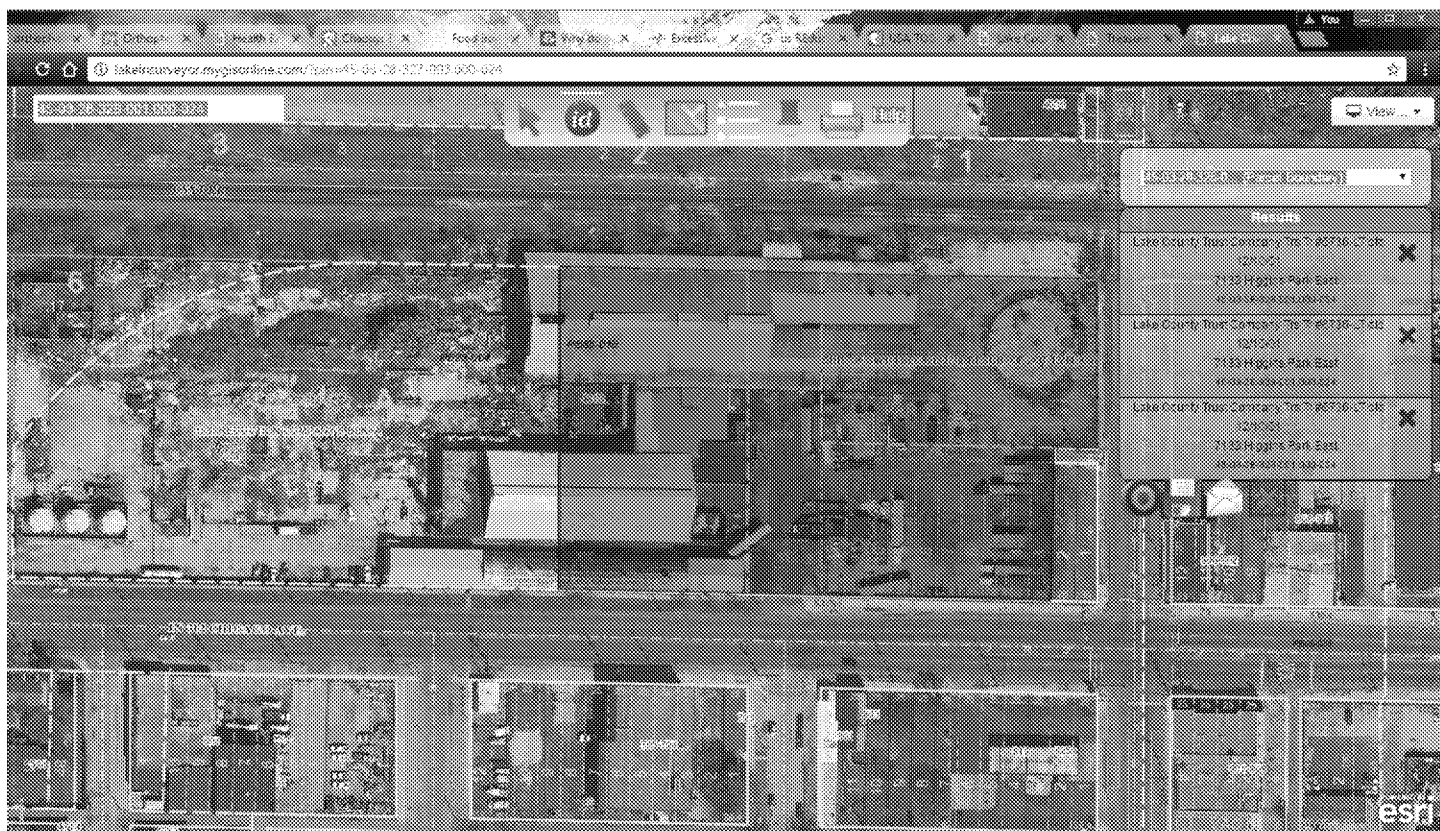

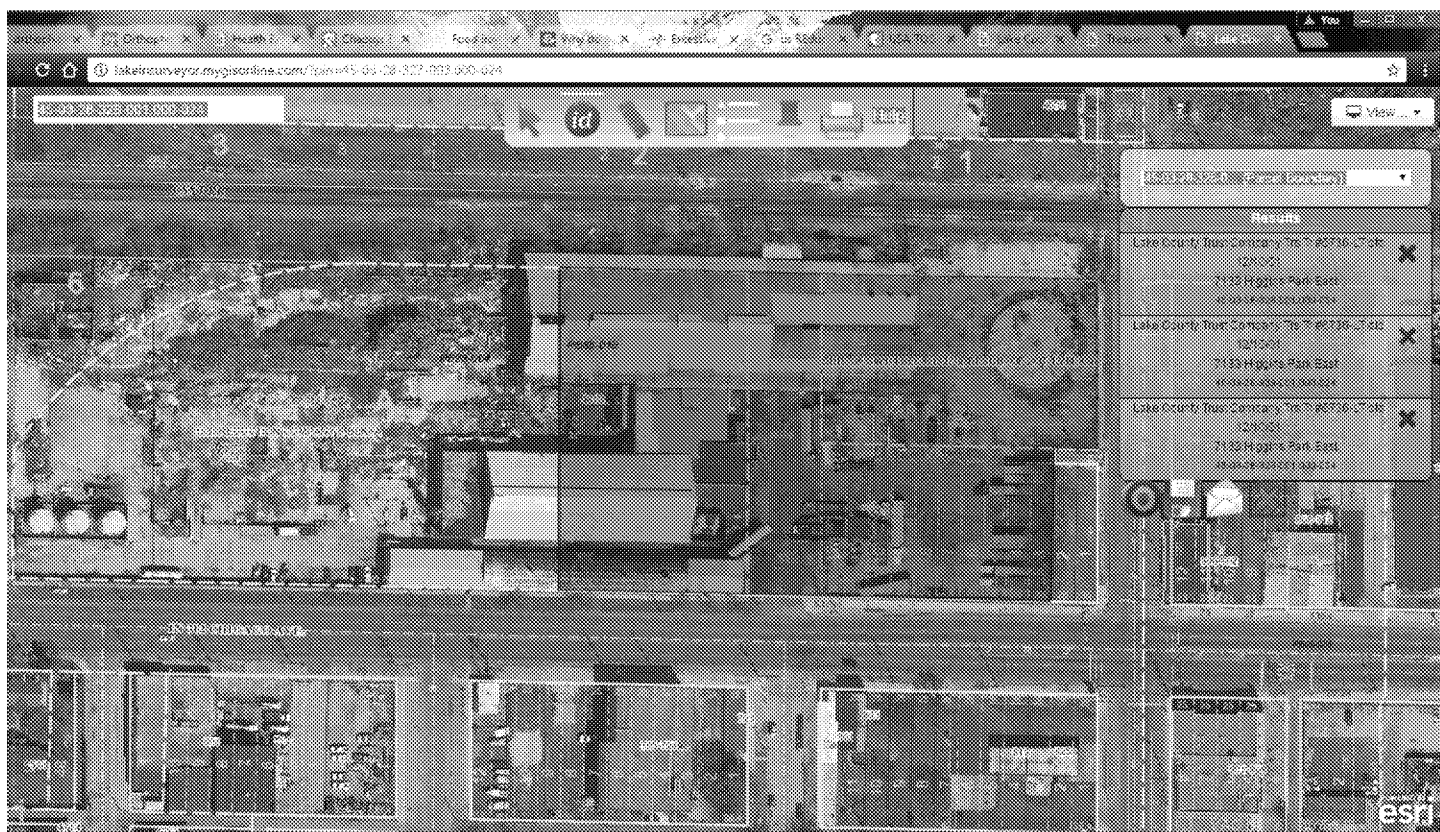

Lake County Parcel Numbers:
